You, the Patients, are the most important people in any hospital.

The entire Staff at Graham County Hospital is pledged to provide you with the best of care and to make your stay as pleasant and comfortable as possible.

Many aspects of hospital routine and procedure will be new to you, so we have prepared this booklet to tell you of our services at Graham County Hospital.

We are sorry that you are ill and have to be hospitalized but helping you toward recovery is the reason for our existence.

We wish you a speedy recovery.
